How to Bypass a PATS - the12volt.com

I have a 1997 Ford Expedition the anti-theft light is blinking. I lost the security chip out of the key. And I had two other transponder keys made and took it to the Ford Place and they wiped the computer system playing I guess but they said these keys are programmed to the truck but the anti-theft light is still blinking and will not start.

I misplaced my key and some idiot-*** locksmith kept sticking non-PATS keys into my ignition until the anti-theft system went into starter disable mode. Then I found my key, but now the anti-theft system isn't recognizing my original PATS key. I heard that it can be easily reset to disengage the no-start feature so it takes my original key without my having to pay to get it done at a dealership.
