Use this classification key to name all the fish 1-18

Classification Key To Certain Fish

For Key Numbers Used for #1, you had 1b > 12b > 13b > 16a.
Just write down the number and which part (a or b) was the
correct step to follow for that fish. This is how your teacher
knows you used the key and didn't just guess a name on the lab
or on your test. The Fish Name would be Atlantic salmon. Now,
let's go through Fish #2.
