~~Civil Engineering Project Proposal Template~~

Of the five types of civil engineering projects, structural engineering would fall into this category the most. Developing New Solutions. In a project about developing new solutions, you have to understand what the initial problem is, write a proposal on how to solve this problem, test your proposal, and see if the problem has been solved.

A document which persuades its readers to accept the writer's idea is called a proposal. The RFP asks for both a technical proposal and a cost proposal. There are two kinds of proposals. In external proposal, one firm responds to a request from another firm on the government for a solution to a problem. It ranges from lengthy (100 pages or more) to a short (4-5 pages).
