End of the road: What  
is it about Japan's  
Aokigahara ...

I found Suicide Forest  
to be a GOOD read that  
plays on the urban  
legend horror theme. I  
liked how it was a first  
person narrative so  
that the reader feels  
they are at the center  
of the action. Suicide  
Forest is an adult book  
that fully explores the  
issue of suicide but is  
not preachy or  
religious.
