This chapter is designed to allow a first-time X-Plane user to get the simulator up and running in as short a time as possible. The goal is to be in the air and flying within ten minutes of completing the installation while still learning the essentials of the simulator. This chapter will gloss over a [...]

X-Plane 11 Manual in PDF Format - X-Plane Q&A

The X-Plane 11 Flight Management System The Laminar Research / X-Plane 11 FMS resembles a system built by Collins and found in regional airliners, and is similar in operation to the one used in Boeing aircraft, including the 737 (illustrated in this manual). Rival systems are built by Honeywell and Thales for use in Boeing and Airbus aircraft.
